

NGINX

NGINX: HTTP Request Type

***NGINX** : Web-Server & Load Balancer*

- HTTP Request is send by client to Server to get the Data.
- HTTP client sends an HTTP request to a server in the form of a request message, which contains-
 - A Request-line
 - Zero or more header
 - An empty line , indicating the end of the header fields
 - Optionally a message-body
- **Request-Line** - Request-Line begins with a method token, followed by the Request-URI and the protocol version.
GET /Resouce_URI/... HTTP/1.1

***NGINX** : Web-Server & Load Balancer*

- **Request Method:** Request method indicates the method to be performed on the resource identified by the given **Request-URI**.
 - GET - Requests using GET should only retrieve data and should have no other effect on the data.
 - POST - A POST request is used to send data to the server, for example, customer information, file upload, etc. using HTML forms.
 - PUT - Replaces all the current representations of the target resource with the uploaded content.
 - DELETE - Removes all the current representations of the target resource given by URI.
 - CONNECT - Establishes a tunnel to the server identified by a given URI.

***NGINX** : Web-Server & Load Balancer*

- **Request-URI:** Request method indicates the method to be performed on the resource identified by the given **Request-URI**.
 - GET - Requests using GET should only retrieve data and should have no other effect on the data.
 - POST - A POST request is used to send data to the server, for example, customer information, file upload, etc. using HTML forms.
 - PUT - Replaces all the current representations of the target resource with the uploaded content.
 - DELETE - Removes all the current representations of the target resource given by URI.
 - CONNECT - Establishes a tunnel to the server identified by a given URI.

Will see you in Next Lecture...

Thank you!

A close-up photograph of a hand holding a black marker, completing the cursive word 'Thank you!' on a white surface. The hand is positioned on the right side of the frame, with the index and thumb fingers visible, holding the marker. The marker's tip is just finishing the exclamation mark. The background is a plain, light-colored surface.
